

# HORIZON

DIGITALLY ENHANCED  
CAMPUS

Horizon is a state-funded organization whose mission is to deliver exceptional, state-certified online courses for brick-and-mortar school districts. We know on-campus learning enhances the social, emotional and intellectual development of Oklahoma students, so we work alongside educators and administrators to navigate how online education can supplement these efforts.

**Horizon offers many benefits, including:**

- Expanded course offerings
- Flexibility for students and schools
- Cost savings from our negotiated competitive pricing
- Collaboration and professional development through the Horizon Consortium

Imagine Edgenuity™, our flagship product, is a rigorous, research-based online curriculum that helps students meet academic goals and maximize their potential. The extensive suite of customizable, digital-first courses includes core subjects, electives and honors courses that can be completed for initial credit or credit recovery. Imagine Learning's Virtual Services provides high-quality, certified online teachers, tutors, speech language pathologists and more as we support districts in creating solutions as unique as your community.

Concurrent License allows multiple students (generally 4) access to the full curriculum (6-12). Live Concept Coaching and Edge X are included in license purchase.

Edmentum is the leading provider of K-12 digital curriculum, assessments and services to 43,000 schools in all 50 states and over 100 countries worldwide. We partner with educators to create instructional technology that is proven, easy-to-use, individualized and aligned to state standards. Built on a 60-year history of innovation and impact, we believe that when educators succeed, students thrive everywhere learning occurs.

Student License provides a single student access to the full curriculum (6-12).

FlexPoint Education Cloud™ is an internationally recognized, full-service K-12 online education leader. For more than 20 years, FlexPoint™ has supported schools and districts worldwide by providing comprehensive and effective digital courses, unparalleled customer support and educator training.

Student License provides a single student access to the full curriculum (K-12).
