

Broadening Educational Opportunities for Districts, Students and Their Families

HORIZON.OK.GOV

Enjoy the lowest pricing from online vendors, and your school district may qualify for even greater state-offered discounts. Contact us to learn more!

WHAT IS HORIZON?

Horizon: Digitally Enhanced Campus is a cost-effective, state-of-the-art learning platform owned and operated by the state of Oklahoma.

Horizon doesn't replace traditional schooling. We enhance it, helping school districts:

- Broaden curriculum with STEM, AP and other courses — without sacrificing the on-campus experience
- Comply with Oklahoma Statute 70-1-111, which guarantees students the right to supplemental online education
- Solve scheduling conflicts with flexible courses that are available 24/7
- Increase credit recovery options for students
- Align with state standards through a continuous review of courses and certifications

WHAT IS THE CONSORTIUM?

Joined together for a common purpose, the Horizon Consortium is a network of Oklahoma school districts and education professionals that:

- Advocates for the best interests of our member districts
- Negotiates extremely competitive rates with online course vendors
- Shares best practices and emerging trends
- Provides sound solutions to common educational problems

HOW CAN IT BENEFIT MY DISTRICT?

There is strength in numbers. The Horizon Consortium's collective buying and bargaining power enables member districts to:

- Expand course offerings for students, including free AP courses
- Achieve maximum savings on the cost of online courses
- Temporarily fill classroom vacancies due to retirement or maternity leave
- Access high-quality professional development opportunities
